

JEREMY KIM

Systems Design Engineering

ju4kim@uwaterloo.ca • jeremyukim.com • github.com/jeremyukim

SKILLS

- Proficient in: HTML, CSS, C++
 - Familiar with: Javascript, Python, SQL
 - Technologies: Bootstrap, Github, Illustrator, Photoshop, Solidworks
-

PROJECTS

VOLUNTELL (In Progress)

- Designing a web application that connects individuals to volunteer opportunities near them
- Used Adobe Illustrator to create mockups, facilitating front-end development
- Analyzed personas and user requirements to create a functional and aesthetic interface

CHURCH WEBSITE milalohana.ca

- Self-taught HTML, CSS, and the Bootstrap framework over the summer to design and create the official website of Milal church's youth group
- Used Bootstrap to develop a fully responsive interface
- Conducted user testing to optimize user experience and increase functionality
- Website currently serves a community of over 100 people

PERSONAL WEBSITE PORTFOLIO jeremyukim.com

- Used HTML, CSS, and Bootstrap to create a personal website designed to showcase past and current projects
 - Created wireframes before translating ideas to code
-

EXPERIENCE

SPECIAL NEEDS AIDE (August 2014 – June 2015)

- Met a special needs student weekly and taught essential life skills such as developing interpersonal relationships, using public transportation, and applying to post-secondary schools
- Developed teaching and communication skills

JANE AND FINCH SUMMER CAMP COUNSELLOR (July 2014 – July 2015)

- Gained leadership skills by leading and supervising a group of children
- Organized events catering to specific age groups

SCOTT MISSION VOLUNTEER (July – August 2015)

- Served 200 people in downtown Toronto's homeless community by preparing hot meals
-
